

Healthy liver®

Dosage form:

Film Coated tablet

Presentation:

30 tablets in bottle pack form

Administration:

Oral, take 1-2 tablets daily with meal or consult with physician.

Uses & Indication:

Healthy liver supports normal liver and gallbladder function, regenerates hepatocells and protects liver cells against oxidative damages and toxins. It also reduces blood lipids.

Liver is the second largest organ in the body and performs a number of essential functions related to digestion, metabolism and immunity. The major function of liver includes the production of bile. It also metabolizes drugs and detoxifies toxins.

Healthy liver contains **Milk Thistle** which the chief component of it is **Silymarin** . It is used for toxic liver damage, jaundice, colic and adjunctive treatment in chronic inflammatory liver disease, non-alcoholic fatty liver and hepatic cirrhosis.

Globe Artichoke has been employed as a bile stimulant; enhancing liver and gallbladder function, treat chronic liver and gall bladder diseases, jaundice, hepatitis and high cholesterol. It also is used for dyspeptic problems.

Inositol prevents fatty build up in the liver and needs for cholesterol and some phosphatides metabolism. **Choline** involved in normal metabolism and transport of lipids and methylation reactions. **Choline** deficiency causes abnormal deposition of fat in the liver, which results in a condition called nonalcoholic fatty liver disease.

Methionine used for treating liver disorders. It treats alcoholism and radiation side effects.

Taurine is used to treat liver disease such hepatitis. It has antioxidant, hypocholesterolemic and detoxifying activities.
