

## **Uromax®**

### **Dosage form:**

Film coated Tablet

### **Presentation:**

30 Tablets in bottle pack form

### **Administration:**

Oral, take one tablet daily with meal or consult with physician.

### **Uses & Indication:**

**Uromax** helps treatment and prevention of urinary tract infections and inflammation by assisting immune system and decreasing the pH of urine. This product contains **Cranberry** and **vitamin C**.

Lower urinary tract infections (UTIs) are very common and have been estimated to occur in 20 % to 30 % of women at some stages during their lives. Focusing on UTI prevention become a major goal because of their recurrent nature, increasing antimicrobial resistance and medical costs. So alternative treatment like **Cranberry** is preferred. **Cranberry** also prevents the formation of kidney stone. **Vitamin C** is a powerful anti oxidant and increases immune system strength and inhibits E.coli growth which is the main reason of urine infection.

**Vitamin C** increases urine acidity and creates an undesirable environment for bacteria.

### **Contraindications:**

No contraindications have been reported to date.

### **Pregnancy and Lactation:**

This product is safe to use by pregnant or lactating women.

Pregnant or lactating women should consult a physician before using this product.
